

Friends of  
Park Rabbits

## Woodland Park Rabbit Rescue \*2007\*

### **Volunteers and Donations Needed Now!**

The Woodland Park Rabbit Rescue is currently in progress!

The project is a cooperative effort between Friends of Park Rabbits, Seattle Parks and Recreation, and the local community -- with assistance from several animal rescue organizations.

Our goal is to rescue every rabbit from Woodland, Greenlake, and Meridian Parks! The rescue is on track to be a complete success -- but the rabbits desperately need more volunteers to feed them and clean their living space now! We also need donations to buy food, supplies, and provisions for their new sanctuary home.

To sign up for a volunteer shift working with the rabbits please contact our volunteer coordinator:
